AHN Inc Club Meeting

There is a new "AGM Meeting Room" child board under the club room, it will be **read only** by everyone except Committee members. Karl will announce the beginning of proceedings in there.

Under that we have a 'Meeting Discussion' board where all AHN Inc members can discuss the various issues, and if anyone has a point they want raised, Karl moves it from the discussion room and posts it in the meeting room.

We add polls to the "Meeting Discussion" board, e.g, "Do you accept our new Constitution?" Yes/No, members vote, the result is listed in the Meeting room and we move onto the next issue. Once a motion gets moved, Seconded, then voted on the thread will be locked, each motion will have a it's own thread and only one thread will be active at a time.

All Off Topic posts will get removed.

Quoting a Post

To reply to a post by quoting it, you can either click the Quote button for the relevant post and add your own message to the quoted text or click the Reply button followed by Insert Quote from the relevant post in the 'Topic Summary' below, but note that: Both these options add a link to the original post showing the name of the poster and the date and time of the post, whereas the Bulletin Board Code quote tag simply quotes the relevant post without this additional information.

You can also retain or add the 'author' attribute independently of the full Quote function

IE.

[quote] *quoted text* [/quote]
your thoughts

[quote] *more quoted text* [/quote]
